OUTLINES.

In New York yesterday Charles E. Hughes was elected governor over William Randolph Hearst by 50,000 plurality; the Tammany judicial ticket was elected over the non-partisan judiciary ticket which included Judge Alton B. Parker.——As usual Pennsylvania went Republican by an overwhelming majority, and Moran, Democrat, was defeated for governor in Massachusetts. —— North Carolina went Democratic, and it is believed that every Congressional district elected a Democrat.——A Democratic landslide is indicated in Minnesota and the new State of Oklahoma was carried by the Democrats.—— Rhode Island and Nevada also showed up in the Democratic column.—— The latest returns from all the States indicate that in 242 out of 385 Congressional districts the Democrats have gained only five Congresmen.—— Nebraska went overwhelmingly Republican.——The Republicans will control the next Congress by a good majority.——President Roosevelt yesterday taught the negro race a severe lesson for one of its characteristics is concealing crime; unprecedented in the history of the army, the President dismissed in disgrace an entire battalion of negro troops for shielding their comrade from punishment for murder and violence and conduct unbecoming soldiers.——The two robbers who got $7,000 from a bank at Ladd, Ill., made good their escape on a train, after compelling ferrymen and farmers to furnish them fresh horses to get away from pursuing men.—— Because the mayor of Memphis yesterday changed the election assignments of the police force, the chief of police and the entire force mutinied and refused to obey; the result was that Memphis has two chiefs of police, with a portion of the city government supporting the mutineers.——President Roosevelt will receive the Ute Indian chiefs at Washington as soon as he returns from the Panama canal zone.

ELECTION SUMMARY.

The election in New York yesterday resulted in the defeat of William Randolph Hearst, the Democratic-Independence League condidate, by Charles E. Hughes, Republican, by a plurality of 40,000 to 50,000.

The general outcome in the 42 States will be Republican control of the Sixtieth Congress by a good majority, the indications being that the Democrats gained only five Congressmen throughout the entire country. A rift in the gloom of defeat is that North Carolina went Democratic by 40,000 to 45,000 and has certainly elected an entire Congressional delegation in the 10 districts, encompassing the defeat of Blackburn, Republican, in the Eighth district. The South sticks to its Democracy and the other States which went Democratic are the new State of Oklahoma, Rhode Island, Idaho and Minnesota. New Mexico and Arizona voted against statehood. One consolation in the situation as a whole is that the majorities in the numerous Republican States have been largely reduced.

The Republican campaign slogan was, "Stick to Roosevelt." The majority of voters in North Carolina yesterday showed that they did not propose to be placed n the porous plaster class.

A lot of Northern Republicans were elected to Congress yesterday on a pledge to see to it that the Fifteenth Amendment to the Constitution is enforced in the South. They will make a noise like a tadpole before it gets legs enough to be considered a frog.

Secretary Taft says: "The fear of the law has entered the heart of the trusts." Gee! They must be terribly a-feared, judging from the way they are going for our pockets since Roosevelt got after them.

The Ute Indians might have wanted the honor of having Secretary Taft sent out to bring them to terms, but instead they must have been disgusted when they found that a lot of cavalry appeared on the scene to round them up.

The Republicans in New York said the corporations were for Hearst, and doubtless Hearst thinks hard of them for being "for him" while they have all along lined up with the Republicans in fighting him. Some funny things are said and done in politics.

Democrats Make Old-Time Sweep of North Carolina From Mountains to Sea

FROM CHAIRMAN SIMMONS

Eighth and Tenth Districts Certain to be Safe—Many Counties Back to the Fold—Brunswick Doubtful—Nearby Returns.

(Special Star Telegram.)

Raleigh, N. C., Nov. 6.—Democratic State Chairman Simmons gives out a statement regarding the election returns from North Carolina to the effect that the indications are that the Democratic majority will be something like forty-five thousand instead of forty thousand as he predicted. He says Democrats have made gains in several counties where he had not expected more than the majorites of two years ago.

"The returns," says Chairman Simmons, "indicate that Hackett is elected over Blackburn in the eighth beyond a doubt. From the tenth district the returns are as yet very meagre but there is nothing to change my prediction that Crawford, Democrat, will win for Congress with a safe majority. Some notable Democratic gains are several hundred in Guilford; Stanley redeemed by 200 majority; Iredell gains 300 in Democratic majority; Baden 200 majority; Catawba 400 increase in majority for Democrats and slight increases in many others.

"In fact," said Senator Simmons, "Democrats will carry the State by a larger vote than in the Roosevelt campaign of two years ago. The Democratic vote will not be as large this year and neither will the Republican vote.

For this, the fourth Congressional district, the returns indicate 5,000 majority for Pou, Democrat, over Godwin, Republican. Some of the majorities are Vance, 600; Wake, 2,000; Johnson, 500; Chatham, 350; Franklin, 1,700. Wayne is reported Democratic by 1,000; Harnett by 450.

(By Associated Press.)

Raleigh, N. C., Nov. 6.—In North Carolina the vote was light but estimated Democratic by above 30,000. Eighth district doubtful with two counties showing Democratic gains of 450 over two years ago and looks as if Democrats will win. Tenth district close vote, Democrats slightly in lead.

All Districts Safe.

Raleigh, N. C., Nov. 6.—Late returns indicate a Democratic majority in North Carolina of over forty thousand. In the eighth district Hackett, Democrat, defeats Blackburn, Republican, by about five hundred. In the tenth, Crawford, Democrat, wins by over twelve hundred, making all districts Democratic.

The Vote in Columbus.

Chadbourn, N. C., Nov. 6.—The Democratic ticket in Columbus is elected by about 400 majority. The returns are coming in slow.

Six Hundred in Bladen.

Elizabethtown, N. C., Nov. 6.—The Democratic majority in Bladen county is estimated at not less than 600—a gain of more than a hundred in 1904.

Pender Gives Seven Hundred.

Burgaw, N. C., Nov. 6.—Indications are that the Democratic ticket in Pender goes in by a majority of 700 with the exception of the Representative, the majority of whom is about 50 less. The election passed off very quietly.

Gains in Robeson.

Lumberton, N. C., Nov. 6.—The election passed off quietly in Robeson to-day. A good vote has been polled and the Democrats have made gains in nearly every precinct. There was very little scratching. The Democratic majority in the county will be about 2,000.

From Cumberland.

Fayetteville, N. C., Nov. 6.—Partial returns indicate that Cumberland county gives a Democratic majority on the county tickets of from 500 to 800. Godwin, for Congress, has a majority of about 450; Sinclair for Solicitor has about 700.

Brunswick County Elects Part.

Phoenix, N. C., Nov. 6.—Dr. T. V. Moore, County Democratic Chairman, says that the ticket in Brunswick is doubtful of election as to the House and Sheriff, but that there is every indication that the remainder of the Democratic candidates are elected by close majorities. Only three precincts had been heard from up to late to-night. These were Northwest, Town Creek and Southport showing the following total majorities: Bellamy, for State Senator, 171; Guthrie, for the House, 136; Newton, for Register of Deeds, 180; Russ, for Treasurer, 78; Holmes for Surveyor, 180; Jones, for Coroner, 186; Commissioners, Chinnis, 201; Dozier, 219; Formyduval, 175. Sinclair's majority is about 200. In Northwest township, the home of the County Chairman, but two Republican votes were cast and it is reported that these were 'sneaked in" by a couple of precincts outside of the township. The majorities at Southport were as follows: Bellamy, 92; Guthrie, 96; Newton, 140; Rourk, 74; McKeithan, 96; Russ, 78; Holmes, 79; Commissioners about 100 each. The majorities for the entire ticket in Northwest was about 90. In Town Creek the vote was divided between the parties: D. R. Johnson received a majority of four; Taylor, Republican 47 for the House; Newton, Democrat 38 for Clerk; Standland, Republican, for sheriff, five; Jennerett, for Register of Deeds, Republican, seven. For Treasurer the Republican candidate received a majority of two, and the Democratic Commissioners from four to 14 each. Taylor's election to the Legislature over Guthrie seems certain.

United States Marshal Dockery Makes Reply to Card of Sheriff Stedman Regarding Conditions in New Hanover Prison—The Food.

(Special Star Telegram.)

Raleigh, N. C., Nov. 6.—United States Marshal Claudius Dockery gave out this evening an answer to the card of Sheriff Stedman on Judge Purnell's criticism of the treatment of Federal prisoners in the New Hanover jail. He says:

"Complaint was made to me during the last Spring term at Wilmington by government prisoners about the food served by the jailor. I made a thorough and impartial investigation solely as to the government prisoners to see if they were properly and humanely treated. The prisoners in question had been in jail some months. The ordinary diet for the entire time consisted of white fried meat and corn bread without change from month to month. Two prisoners were suffering with acute sickness, others as the result of this diet developing scurvy. I made an effort through the deputy marshal at Wilmington and the physician in charge of the government prisoners to secure an occasional change in the prisoners' diet. I found that the sheriff had always declined to change the ordinary diet of any prisoners sick or well. It ebcame necessary, therefore, as the physician thought, to the health of the sick prisoners to order meals sent them from outside the jail. This was done and the government paid for these extra meals. I approved this action of the physician as one of humanity. These facts in the case were not obtained, as Sheriff Stedman charges, from the prisoners themselves but from reliable sources and I laid them before Judge Purnell for whatever action he might deem best in the premises. His words from the bench at Wilmington were the result not only of complaints made directly to him but of this information furnished by myself.

"I have in my possession written evidence of the condition of affairs at the jail and can furnish sources of my information if Sheriff Stedman should desire to know them."

L. BANKS HOLT SHOT.

Prominent Man of State Fatally Wounded at Graham.

(Special Star Telegram.)

Raleigh, N. C., Nov. 6.—A telegram received here late to-night is to the effect that Col. L. Banks Holt, of Graham, was probably fatally shot in his home at Graham to-night. He was at the telephone when a shot was fired by some unknown person supposed to be a burglar. The ball entered his face. Col Holt is thought to have discovered that there was a burglar in the house and was telephoning for assistance when the shot was fired. Col. Holt is one of the State's most prominent business men.

NEW HANOVER'S VOTE

Majority Over Twelve Hundred, A Substantial Increase Over Two Years Ago

SAVAGE LEADS THE TICKET

Election Very Quiet—Republicans Led By Schulken, Who Received Ninety-six—Two Precincts are Yet to Hear From—Canvass Thursday.

Notwithstanding the fact that the county ticket had no opposition whatever, and there was no serious opposition to the District and the small portion of the State tickets to be voted for, in the general election yesterday New Hanover county gave an increased Democratic majority over two years ago, while the Republicans showed no appreciable gains. The vote cast was approximately 1350 Democratic and 96 Republican. The election was as quiet as was ever held in the county. Constable "Tuck" Savage led the County ticket with 1,256 votes, while the Republicans were led by Mr. Schulken for Congress, 30 of whose votes were cast in Fifth ward, 23 in the Third and 13 each in the Second and Fourth wards and 10 in the First. All returns were semi-officially received last night except from Masonboro and Federal Point townships, the figures given above not including those precincts. The returns will be officially canvassed and declared by the County Election Board Thursday morning at 11 o'clock.

For the State Senate in New Hanover, George H. Bellamy received 1,211 and D. R. Johnson, his Republican opponent 68. For the Legislature, Morton received 1,220; for Sheriff, Cowan, 1,252; for Clerk, Taylor, 1,254; for Treasurer, Green 1,253; for Register of Deeds, Haar, 1,251; for Surveyor, 1,252; for Solicitor, Duffy, 2,248; for Solicitor Crumpler, Republican 64; for Commissioners, 1,245. The vote for Congress was, Godwin, 1,238; Schulken, 96. The Third ward cast the heaviest vote, 279, 23 of which were Republican. The Democratic majority in the county over the highest Republican vote received is 1,142 and will be increased to approximately 1,250 when the two missing precincts are heard from.

The vote cast is a splendid testimonial to the efforts of Chairman Bellamy and the New Hanover Democratic Executive Committee. Chairman Bellamy and his committee worked well and that the majority was increased over two years ago when there was a gubernatorial election, speaks much in praise of their successful management. In the last election the vote for Congress was 1,018 for Patterson and 55 for Spears, the Republican candidate. The vote for Governor Glenn in that election was only 1,226. The National Republican ticket last time polled 91 votes so that the increased majority on the nearest approach to it this time is only five, Mr. Schulken for Congress receiving only 96.

The official vote will be given as soon as declared by the canvassing Board, but the ticket ran all through comparatively with the figures given above.

THREE BIG STEAMERS ARRIVE.

One of Record Tonnage Here For Cargo of Cotton.

Three big British tramp steamers arrived in port yesterday, two with cargoes of fertilizer products from Hamburg, Germany, and one for cargo of cotton from Messrs. Alexander Sprunt & Son. The latter is the Hampton, 2,780 tons, Capt. Courtney, from Philadelphia. She probably breaks the record of tonnage for any single vessel that ever came in the port and will, no doubt, carry out a very large cargo of the fleecy staple.

The other steamers are the Queen Olga, 2,146 tons, Capt. Marr and the Holmeside, 2,464 tons, Capt. Perry, both from Hamburg, the latter via Charleston, S. C. Both vessels are consigned to Messrs. Heide & Co., one discharging at the Navassa factory and the other at the Wilmington Compress.

Mayor's Court Yesterday.

Several cases of interest were disposed of in the police court yesterday. Eugenia Nixon, colored, charged with vagrancy, arrested by Officer W. G. Brinkley, was given 30 days on the farm. The same was meted out to John Thompson, colored, charged with disorderly conduct. Liston Brown, charged with being drunk and throwing stones in the street, was fined $15 in the two cases and required to pay the cost in each. James Williams, colored, arrested by Officer C. E. Wood for disorderly conduct, was given 30 days on the roads.

AFFAIRS OF COUNTY

Supt. F. A. Montgomery Resigns as Keeper of County Home—Double Tax For Sewerage Company —Conference With Pender.

The regular monthly meeting of the Board of County Commissioners, which was postponed from Monday on account of the absence of Chairman McEachern at Burgaw for the conference with the Pender commissioners in regard to the bridge over Northeast river, was held yesterday afternoon at 3 o'clock. The proceedings were largely routine and of no public interest. Mr. F. A. Montgomery, superintendent of the County Home, tendered his resignation, effective at the beginning of the new fiscal year December first, but the matter was referred to the Home Committee with the hope that some arrangements may be made with Mr. Montgomery to remain at least in executive charge of the institution, which has been so signally successful under his management. Mr. J. R. Hardee, sergeant of the city police force, made application for the position in the event of the acceptance of Mr. Montgomery's resignation, but this, too, was referred to the committee, which will report on the whole matter at the next meeting.

The Board met at 3 P. M., Chairman McEachern and all members having been present. J. Haughton James was relieved of certain tax entered on books erroneously. The committee on assessment of New Hanover shingle mills property reported, recommending that the valuation be $1,500, which was adopted. Error in county tax charged against H. O. Craig was corrected to read $100 instead of $1,000.

It was ordered that there be entered on the tax books as delinquent double tax against the Wilmington Sewerage Company, valuation of pipes, etc., being $74,000.

Mr. Joseph Leitner, of Leitner & Wilkins, architects, appeared before the Board with plans and specifications for the enlargement and improvement of the county jail, the same being referred to the Building Committee with power to act.

The chairman reported the conference with the Pender county commissioners with regard to the Northeast river bridge and arrangements were made for the joint meeting of the two Boards at Castle Haynes next Monday morning at 10 o'clock. The conflict of the date with the Barnum & Bailey Shows was adverted to and discussed with varying emotions.

Frank Weston, colored, of Wilmington township, was relieved of poll tax on account of physical disability. May Padrick was allowed $3 per month on outside poor list. Jno. S. McEachern & Son were awarded contract for feed for county live stock for ensuing month. Bids were received from McEachern, B. F. Mitchell Company and W. B. Cooper.

The committee reported that arrangements had been made for the making of a new block book for the county and the same was approved. The book will be according to the loose leaf system.

The application of Mr. H. M. Foard with reference to tax abatement was referred to the Auditing Committee.

The usual monthly reports were read and approved or referred to the Auditing Committtee, which meets tomorrow afternoon.

BLOODHOUNDS HAVE ARRIVED.

Constable Savage Returned Yesterday With Man Trailers.

Constable W. B. Savage returned yesterday from Greenville, N. C., bringing with him the three bloodhounds recently purchased by the County Commissioners for New Hanover. One of the dogs is well trained and the other two are puppies six months old, which will be trained here. It has not been decided where they will be kept or by whom they will be trained. It is possible that Constable Savage will keep the younger hounds at his home in this city and the trained dog will be kept at the jail or at the county farm or convict stockade. The older dog comes under a guarantee and has been used with success in tracking criminals in the upper counties.

BOATMEN OVERCOME

Gas From Coal In Bunkers of Tug Jones Almost Asphyxiated Three

TAKEN OUT UNCONSCIOUS

Spontaneous Combustion in Forward Part of Steamer Emitted Dangerous Fumes to Men Asleep in Bunks in the Forecastle.

Three negroes asleep in the forecastle of the tug Alexander Jones at the wharf of the company, near the foot of Market street, had a narrow escape from asphyxiation from coal gas during Monday night. Two of the number were unconscious and had to be taken out of the hold of the boat bodily, while the third during the night discovered the presence of gas and was able to get up on deck where he was in a semi-stupor until morning. The men taken out of the hold unconscious were William Dennis, fireman on the tug, and Oliver Byrd, a youth formerly employed on the boat and lodging there for the night only. The gas originated from spontaneous combustion in about 10 tons of soft coal in a bunker forward of the boilers and near the lodging quarters of the crew. The hatches of the steamer was battened down tight on account of the cold weather and the gas completely filled the hold. Williams, cook, woke up during the night under the depression and managed to get up on deck, where he dropped in the galley and said he knew nothing more until the alarm was given.

The presence of the gas was first discovered by Capt. Isaac M. Ralyer, master of the boat, who was asleep in his room on deck and Chief Engineer Delamar, who was asleep aft in the cabin. Both detected the fumes very perceptibly on board when they arose about 6:30 o'clock and called to the crew of the fire boat Atlantic, which was lying near. The men went immediately down in the hold and finding the men unconscious in their bunks, brought them quickly to the deck, where Drs. Koonce and Russell attended them. Later they were sent to the hospital where Byrd regained consciousness about noon and Dennis some time in the afternoon. It was stated from the hospital last night that both men would recover, unless unexpected complications set in. The cook, who came up on deck during the night, suffered little inconvenience by his experience and was able to be about his duties as usual yesterday afternoon.

Soon after the presence of the gas was discovered an alarm was sent in to the fire department from box 41, Water and Market streets, but the fire boat had already brought a stream to play on the heated coal in the bunkers and the apparatus brought out by the alarm was not needed. The coal was torn down and as soon as it had an opportunity to cool there was no further trouble. The tug had just coaled preparatory to taking the derelict schooner Job. H. Jackson in tow for the North. Everything possible was done for the men in the hospital by Capt. Sanders and other officers of the Wilmington, Southport and Little River Transportation Company.

OSMAN STOCK COMPANY.

Large Audience on Tuesday Night In Spite of Election.

The Osman Stock Company, which opened a week's engagement at the Academy of Music Monday night, played to a standing-room audience last night, exceeding the record for the opening, which is indeed rare in the history of the local playhouse. The bill was well received and the specialties were pronounced of a very high order.

"Is Marriage a Lottery" will be given at special matinee to-day to which the ladies and children are especially invited. "The Silent Witness," a play never before seen in this city, will be the offering to-night. There will be specialties between each act.

Dr. Fraser at the First Church.

The Rev. Dr. A. M. Fraser of Staunton, Va., one of the most distinguished men in the Presbyterian ministry in his State is in the city a guest at the home of his brother-in-law Mr. R. A. Brand, and will assist Dr. Wells, thepastor, in a series of services continuing through Sunday, at the First Church. Dr. Fraser will preach to-night at 8 o'clock and the public cordially invited to hear him.

ROOSEVELT'S RADICALISM.

Secretary Root went to Utica all right to knock William Randolph Hearst, speaking as President Roosevelt sent him to speak. He made a noise like a thrashing machine, but no where in his speech did we observe that he make any denial of the quotations attributed to Roosevelt in the circular issued by Hearst's New York advocates, who published them in parallel columns with the sayings of Hearst, in order to show how nearly they were alike. The fact is there was no denial for the Rooseveltisms were taken from his published speeches and were in black and white.

The curious part of it, however,, is that Roosevelt is glorified for what Hearst is denounced as a dangerous man. Is it because it is believed that Hearst means what he says and that President Roosevelt's remarks are regarded rather in the nature of talk to the galleries? Somehow or other there appears to be a strange difference between the radicalism of Roosevelt and Hearst, although they appear in about the same garb. As another sample of Roosevelt's radicalism, it is recalled that when the President made a speech at the inauguration of the Statehouse that represents a steal of five million dollars at Harrisburg, Pa., some weeks ago, he set forth some points in the radical public policy he proposes to follow. Among other things he said:

"It is our clear duty to see, in the interests of the people, that there is adequate supervision and control over the swollen fortunes of to-day, and also wisely to determine conditions under which there fortunes are to be transmitted and the percentage they shall pay to the Government, whose protecting arm alone enables them to exist."

The President, in the face of the biggest steal, not only America has ever witnessed, but the most monumental of the world's corrupt transactions, said not a word about the robbery of Pennsylvania in the building of her capitol, but went out of his way to attack the so-called plutocrat. What do they think of these remarks about controlling their swollen fortunes? They don't seem to think much about it, for they stand for Roosevelt and can't stand for Hearst.

The New Orleans Picayune, discussing what the Star said about this subject before says:

"Just how it is proposed to control private fortunes does not appear, but the President plainly means that some device should be adopted whereby a heavy hand can be laid on other people's money. Not only is the wealth to be assailed while in the hands of the living owner by some sort of confiscatory tax, but it is to be operated on when the owner dies and attempts to pass his property on to his heirs.

"It is not probable the President was talking for buncombe. It is declared by those who profess to know that the President believes in the doctrine he preaches. It is the rankest sort of State Socialism and it is certain that Mr. Bryan never said anything more radical. Whether the President will incorporate in his message to the next Congress these radical expressions which he proclaims in his public speeches remains to be seen."

All of which is respectfully submitted as showing the strangeness of praise for Roosevelt and denunciation for Hearst for their equal radicalism.

As if South Carolina didn't already have a pitchforker! But success always begets imitation.—Charlotte Observer.

MILL PEOPLE GET ATTORNEYS

Manufacturers at Charlotte Stirred Up Over Governments Proposed Suit For Violation of Alien Contract Law—Sensation Hinted.

(Charlotte Observer, Nov. 6.)

The dark and shadowy methods pursued by Immigration Inspector A. F. McLaughlin in his investigation of labor conditions in and about Charlotte during the past two weeks, has stirred the local mill men as nothing has done in years. For several days past, strange tales of threats and intimidation of witnesses, have been currently circulated and these coming to the ears of respecting citizens have made them bestir themselves. Several of these met in the assembly room of the Southern Manufacturers' Club yesterday afternoon and decided to employ Messrs. Tillett and Guthrie to take the situation actively in hand.

Interesting and perhaps sensational developments may follow if these reports are found to have any foundation in fact.

Those directly or indirectly concerned in bringing over these English operatives to work in the mills of Piedmont Carolina do not believe that they have violated any of the provisions of the immigration laws. What they have done, they hold, has been legal and in keeping with what is being done almost daily in the New England centers. Furthermore these mill men claim that if the Department of Commerce and Labor in Washington were aware of the true state of affairs that there would be nothing more said of it. In employing attorneys, the local mill men are determined to do nothing more than protect themselves. The local mill men will demand a hearing in open court, where all the witnesses may be interrogated without let or hindrance, and where all the proceeding will be regular and above board.

Raleigh News and Observer.)

Washington, D. C., Nov. 5.—In addition to the suits for the recovery of the one thousand dollars' penalty imposed in the alien labor contract law which the government has decided to institute against North Carolina cotton mill operators, it is not unlikely that the charge of conspiracy will be made against Costello, whom it is claimed went to Europe and induced the English spinners to come to this country in violation of the immigration law. The government contends that Costello was the agent of the mill men and that as such entered into a conspiracy to violate the law. Such a charge would involve criminal proceedings. The Department of Justice has placed the entire matter in the hands of officials of the Department of Labor and Commerce, who are in communication with District Attorney Holton, and that official will decide just what prosecutions are to be undertaken.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

BIG DEVELOPMENT ROANOKE RAPIDS

Company Will Build Dam Across the River to Develop 10,000 Horsepower Electricity—Will Spend $200,000 For Cotton Mills.

Roanoke Rapids, N. C., Nov. 5.—The annual meeting of the stockholders of the Roanoke Rapids Power Co. was held here Saturday at the company's office. The meeting was harmonious and the conditons reported were extremely gratifying, showing that under the efficient hand of the local manager, Mr. H. C. Cooper, the Power Company's affairs are in a most flourishing condition.

The following officers were elected for the ensuing year:

W. M. Habliston, of Richmond, Va., president; Mr. Morris, of Sentell & Morris, New York, vice president; Winthrop Chauber, treasurer; H. V. N. Philip, assistant treasurer; Judge J. W. Mullen, of Petersburg, secretary.

These gentlemen, together with Messrs. Charles Cohen and T. C. Williams, of Richmond, and T. L. Emory, of Weldon, constitute the board of directors.

Following the stockholders' meeting there was a session of the board of directors at which some matters of a final nature were passed upon. They authorized the placing of contracts for building a concrete dam entirely across the river and the installing of a hydro-electric plant which will develop about 10,000 horse power, this all to be completed in the next six months. This construction work will mean the expenditure here of some $200,000 in the immediate future.

On the 2nd instant the directors of the Roanoke Mills Company met in Richmond to consider the enlarging of their present plant. The same was favorably considered and a committee appointed to look into the cost of a 50 per cent. increase in capacity and report upon the same in January next.

It is now definitely reported that a new cotton mill is being organized and actual construction is expected to begin just as soon as the Power company is in a position to furnish the necessary additional power. The capital stock is said to be about $500,000 and it is the intention of the organizer to make of it one of the most up-to-date mills in the South, electric-driven throughout with motors distributed to each separate line of shafting.

CURRENT COMMENT.

—The north pole. There it stands, protected by the ice trust.—Boston Transcript.

—Secretary Root overlooked a very good bet at Utica by neglecting to charge Mr. Hearst with being the man who also struck Billy Patterson.—Washington Post.

—Mr. Roosevelt is being done in clay by a woman sculptor. Senator Bailey is authority for the statement that Mr. Roosevelt is clay—and very common clay at that.—Charleston Post.

—"Stick to Roosevelt," has been a popular campaign slogan this year, and a number of office-seekers of doubtful ability hope to pull through by simply making a noise like a porous plaster.—Washington Post.

—Mrs. Joe Gans, who is suing her pugilist husband for alimony, accuses one of his lady friends of striking her with a door by slamming it in her face, thus scoring a shut-out as well as a knock-out.—Washington Post.

—Rival towns cannot resist feeling a little jealousy over the good fortune of each other. Here is the Savannah News saying that Charleston is all excitement because a foreign steamship is coming into the harbor—having reference to the Wittekind. The Charleston papers will likely retort that the Wittekind's captain couldn't get into Savannah's "harbor" if he wanted to.—Columbia Record.

—The Morning Star says that in one day this week over thirty-eighth thousand bales of cotton, valued at more than two million dollars, were exported from Wilmington in three cargoes. It is probable that this is the largest clearance of cotton ever made from a South Atlantic port and is only one of the many evidences we have had lately of the growing commercial importance of North Carolina's enterprising port.—Charlotte Chronicle.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. GREAT METEOR BOILS THE SEA

Tremendous Luminous Body Zigzagged Across the Sky and Fell Near Big Steamer—Made Ocean Boil Height of 20 Feet.

(Washington Post.)

New York, Nov. 4.—A great meteor hissing through a murky sky startled the officers and crew of the Phoenix Line freighter St. Andrew last Tuesday afternoon about sixty miles northeast of Cape Race, Newfoundland.

Just before the giant shooting star appeared, First Officer Spencer, who had charge of the bridge, saw several miles dead ahead three meteors rip fiery lines almost from zenith to horizon through the vapor curtain in the west. The greatest of the trio, Spencer said, would have made a dazzling illumination at night. While he was looking at it he heard a hissing far away on the port beam. The chief engineer, who had come out on deck, called to Spencer to look to port. Stretching far into the air was a red dish-white trail of flame twenty feet or more in diameter. Below, zigzagging toward the surface, was the giant meteor that had made the evanescent scar of fire on the face of the sky.

"I have seen many meteors, chiefly at night, but I have never seen any act like this one," said Mr. Spencer to-day. "When it was within half a mile of the sea, it began rocking, or swinging, if you like; anyhow, going from side to side, and leaving a zigzag trail. It was bigger than my cabin, which is twelve feet wide, and it must have weighed tons. It was less than a mile away to the southward on the port beam, and when it struck the sea it must have cooked a million fish all around. The water boiled up to a height of twenty feet or more, and the vapor created by the steam spread over a space wider than the length of this ship, and that is more than 550 feet. It was nearly, half a minute before the sea went down."

The Hamburg-American Liner Brazilia, in last evening from Hamburg, also observed a great meteor when northeast of Cape Race on Tuesday night about three hours after the St. Andrew's experience. The Brazilia's meteor was visible for thirty seconds before it buried itself in the sea.

SPIRITS TURPENTINE

—Dr. Len C. Broughton, of Atlanta, Ga., will begin a revival meeting at the First Baptist Church of Charlotte on Sunday, December 3rd.

—Paint Rock special, Nov. 5.—An extra freight westbound, was derailed three miles west of here this evening, killing Flagman Barker and Fireman McCullough, of Knoxville, and injuring an unkown man who was beating his way. The derailment destroyed 11 cars of freight.

—The sensation of the campaign was sprung at Asheville, Monday afternoon, when Mark Erwin, clerk of the Superior Court in Buncombe county, through a hand bill, denounced Solicitor Brown (Republican) as a grafter, and said "That he should present himself to the grand jury at the next term of court."

—Beaufort special, Nov. 5.—The great railroad bridge connecting Beaufort and Morehead City was completed to-day. Master Charles Laban Abernerthy, the six year old son of Mr. Charles L. Abernerthy, drove the last nail, completing the bridge. This structure is 8,400 feet long and has two draws. The trains will run into Beaufort in about a week. Beaufort is expecting to have a big celebration when the passenger station and all the railway through the town and the Y and connections are completed.

—Fayetteville correspondence: Nov. 5.—A half dozen or more big farmers have had their barns burned within the last year and it is believed that there is a well organized band of negroes who are guilty of the burning. One or [illegible] arrests have been made, but sufficient evidence has not yet been found to convict. Saturday night Mr. T. M. Green's farm house, occupied by his superintendent and two bales of cotton were burned. Later on the home of Henry Murphy, one and a half miles from Mr. Green's place, was also burned. There is no clew to either of the burnings.

—Raleigh News and Observer, Nov. 6.—Mr. T. K. Bruner, the secretary of the North Carolina Board of Agriculture, returned yesterday from Boston, Mass., where he has been in charge of the North Carolina exhibit at the Boston Food Fair, Curator H. H. Brimley being there with him. Mr. Bruner was greatly pleased with the success of the exhibit at the Fair, and says it was seen by a great mass of people, the Fair having been attended by fully 400,000, and having been a great success. He thinks that the exhibit at Boston was the best exposition advertising of the State done in 10 years and that it will show results. While the exhibit was at a Food Fair it was so arranged as to show the resources of North Carolina and did so in a way that attracted great attention and which caused it to be featured by the management of the Fair.

—Charlotte special, Nov. 5.—The local political situation is extremely hot here on account of the efforts of Republicans and a political labor organization to defeat Mr. W. C. Dowd, for the House, and elect J. F. Newell, Republican. The following card appears in the News signed by Mr. Dowd to-day: "My attention has been called to a circular that has been sent out by Jake F. Newell. This circular, like the other ones sent out by the Republicans, is full of wilful misrepresentation. Certain it is that no gentleman would stoop so low as to write such a falsehood, and for that selfsame reason it is not incumbent on a gentleman to answer the malicious slanders. At this time I must rely upon the people who know me to vindicate me against these slanders and must content myself with the very poor satisfaction of branding Jake F. Newell as a common, ordinary wilful and malicious liar."

Friend of Sick Women

Strange, that some sick women still hold off, from trying a medicine that half a century of use has proven of exceptional value in the treatment of female disease!

Strange that EVERY sick woman who has heard of it—Wine of Cardui—should not fly to the nearest drug-store and try a bottle.

So, in order that you, who doubt, shall doubt no longer, but be convinced by the testimony of a sister woman,—Mrs. Donaldson, the well-known Salvation Army worker,—a friend to all sick women, the following unsolicited letter from her is published, for you to read and ponder:-

MRS. J. DONALDSON,
Captain Salvation Army,
Jonesboro, Ark.

Jonesboro, Ark,, July 13, 1906.

For about eight years I have been a walking advertisement for Wine of Cardui. In 1895 and 1896 I suffered much with female trouble and irregularity. My limbs would swell until great ridges would form, out over my shoes. I was weak, with scarcely energy enough to do housework at all.

Having read much of the merits of Wine of Cardui for female complaint, I decided to try it and after taking 2 bottles was never troubled again.

Two years ago, I gave birth to an 8½ pound baby girl and was only in labor half an hour.

This spring I gave birth to a 10 pound boy; was only in labor half an hour. I took Cardui during pregnancy both times, and am sure I owe my easy time to it. It is a real God-send to suffering women.

During change of life, four years ago, my mother, Mrs. G. W. Wadsworth, nearly died. She had from 16 to 24 cramping or sinking spells during a day and night, and many times we laid her down for dead. At last I persuaded her to take Wine of Cardui and Thedford's Black-Draught, which cured her.

In DeKalb, Ill., when I was in charge of the Army work there a young woman had taken cold and was irregular for six months. I recommended Cardui and after taking 3 bottles, she was entirely well. (See Miss Upson's letter below).

MRS. G. W. WADSWORTH,
Mother of MRS. J. DONALDSON.

These are only a few instances where your medicine has been a real God-send to sick women. I am continually recommending it to others.

Praying God to abundantly bless you,

I remain,

Mrs J. Donaldson.

Mamma Was Almost Crazy.

MISS HAZEL UPSON,
DeKalb, Ill.

DeKalb, Ill., Jan. 2, 1906.

I am very much pleased to sit down and write you how much I thank God and you, for Wine of Cardui. It saved my life, and I will never be through praising God for it. I was very sick with fever and never got over it, just right. I was weak and hardly able to get up, and for six months I was in bad shape. I was pale and white, and the best doctor in DeKalb gave me up and said I would not get well. Mamma was almost crazy to think of it. At last on the advice of a lady friend, (Mrs. J. Donaldson, see letter above) Mamma gave me Wine of Cardui and after I had taken three bottles, I came around and began to get well right off. Now I am feeling well and getting fat. Mamma and I are so thankful for Cardui. HAZEL UPSON.

DEEP WELLS POSTPONED.

Regular Meeting of Audit and Finance Board Last Night.

The meeting of the Board of Audit and Finance last night was not especially interesting. There were present Mr. C. W. Yates, presiding in the absence of Chairman McQueen; Mr. Jesse Wilder and Mr. R. H. Brady.

The matter of the award of the contract to the Lowery Pump Well Company for sinking two deep wells in the southern part of the city at a cost of $3,500 according to the report of the Water Commission, as adopted, by the Board of Aldermen Monday night, was postponed for a full meeting of the Board. Chairman Johnson, of the Commission, was present and did not object to deferring the matter for a full meeting of the Board.

The rental of the market house wharf to Roger Moore for $20 per month was concurred in and the contract passed.

The appropriation of $175 for terra cotta pipe for the extension of Dickinson street was concurred in.

The matter of the transference of the appropriation for yellow fever quarantine to the Department of Streets and Wharves for the improvement of Ann street, was referred back to the Aldermen with the information that the $500 to the credit of that fund was transferred at the request of the Aldermen some time ago. The Board concurred in the transfer of $1,000 from the Water Works appropriation for the improvement of the block on Princess street, between Ninth and Tenth streets, as recommended by the Aldermen.

Contracts for plumbing to Griffith and to Gregory for plumbing in the library and in the engine houses were concurred in.

The Board declined to concur in the appropriation to pay doctor's bill for J. A. Holloman, a member of the street force injured in the service.

WOULDN'T KILL HIS DOG.

Mr. Sale Takes an Appeal From Mayor to Higher Court.

Everyody knows the attachment of an owner for a faithful dog. It has been told in story and song. Yesterday it was exemplified in the police court when Mr. W. G. Sale, manager of the Western Union in this city, was ordered by the court to kill a valuable bull pup which he owns. It appears that the dog while following Mr. Sale to the office on Market street Monday at noon bit a little boy and the ordinance under such circumstances requires that the offending canine be killed. Judgment was so pronounced by the Mayor and while regretting that the bull had attacked the little boy who appeared with his father in court as prosecutor, Mr. Sale could not stand to lose his dog for whom he professed a strong attachment. He, therefore, took an appeal to the higher court. Bond of $100 was required with the understanding that they dog be kept in confinement in the future and that if the boy's condition becomes worse that the animal be killed regardless of the appeal. Mr. Sale will employ counsel for the Superior Court.

Preston Cumming, Jr., Esq., one of Wilmington's most talented young men, who has equipped himself thoroughly for the practice of his profession, has decided after a brief connection with one of the leading law firms in New York, to locate in Wilmington, and has opened an office in Room No. 1, Masonic Temple. Mr. Cumming graduated at the University of North Carolina and took a two year's course, graduating with distinction from Columbia College. He stood the very rigid examination by the New York Supreme Court and was admitted to practice in the courts of that State, but has decided to locate here as one of the growing cities of the South.

Mr. Cumming has a great many friends who will be delighted to know of his decision.

The party will go down to the sound on a special car of the Consolidated Company, leaving front and Princess streets at 6:30 o'clock.

—Albert Jordan and John Highsmith young men from the country, who were arrested Monday on a warrant from Justice Borneman's court, were found not guilty yesterday upon preliminary trial and the case was dismissed at the cost of the prosecution. Highsmith was negotiating for the purchase of the cow and supposed the deal closed when he brought the animal to Wilmington and sold her.

—Charles Murphy, colored, one of the brothers who has been held in jail since Monday a week ago without bail under charge of having been implicated in the dangerous assault upon Elias Benjamin, at the Champion Compress, was given a preliminary trial before Justice Borneman yesterday and was discharged, there being no evidence against him. His brother, Joe Murphy will be given a preliminary trial Saturday afternoon at 3 o'clock. Benjamin, the injured man, has gone to Florence, S. C., and it is presumed that he is improving else something would have been heard of him. William J. Bellamy, Esq., represents the defendants.

BANK ROBBERS HOTLY PURSUED

Compelled Liverymen and Farmers to Furnish Fresh Horses.

(By Wire to The Morning Star.)

Ottawa, Ill., Nov. 6.—The two robbers who secured 25,000 from the Farmers' and Miners' Bank at Ladd, made their escape last night after an exciting chase of over forty miles and after numerous fights with farmers who attempted to intercept them. Since robbing the Ladd bank the robbers drove to Peru and at the point of a revolver compelled a liveryman to furnish a buggy and fresh horses. They passed through LaSalle and then the pursuit began. The robbers drove through four county townships, police armed with rifles in close pursuit. Farmers were compelled to furnish the robbers with fresh horses. In Wallace township there was a lively exchange of shots but the robbers took to the corn fields, secured a new team and escaped to Sheridan where they abandoned horses, buggy and overcoats and caught a train, presumably for Chicago.

REPUBLICANS CONTROL SIXTIETH CONGRESS

(Continued on Page Five.)

a slight chance for the Republicans to get one more in the lower House of a possible 128.

New Mexico For Statehood.

Albuquerque, N. M., Nov. 6.—Partial returns from seven counties out of 25 give joint statehood a majority of 2,000. Reports so far indicate that the territory will go for jointure from 4,000 to 7,000.

North Dakota Elects One Democrat.

Fargo, N. D., Nov. 6.—Preliminary returns show that Fisk has been elected judge of the State Supreme Court over Knauf, the Rpublican nominee. For governor Sarles, Republican and the rest of the Republican ticket is elected. Later returns may show that Sarles had a close call. Burk, Democrat for governor, carried Fargo by a big majority.

Missouri in Doubt.

St. Louis, Nov. 6.—At 11 o'clock Secretary McCoy, of the Republican State Committee said:

"Returns from the Northern part of the State show a Democratic gain of 2,000 over the estimates I had forecasted. I have not been able to get a single return from Southern Missouri, but as soon as they come in I can tell the State result. If my estimates for the southern half are borne out by the returns and St. Louis and Kansas City alone give a strong Republican majority, the State will give a Republican victory. The result will be close.

Republican State Chairman Neidringhaus declared that St. Louis would show a Republican majority of 10,000.

Democratic State Chairman Evans at the same hour stated that while the returns are coming in slowly, they indicate a Democratic gain. "It is too early to forecast a Democratic victory in the State," he said, "but it looks very much that way by a close margin."

Stand off in Maryland.

Baltimore, Nov. 6.—Maryland's delegation in the Sixtieth Congress will be three Republicans and three Democrats, proportionately the same as at present, but with a change in two of the districts. Harry B. Wolf, Democrat, popularly known as the "News boy" candidate, defeated his Republican opponent, W. W. Johnson, and takes the place of the present incumbent, Frank Wachter, Republican, who had declined re-nomination. The other change was in the First district where Thomas A. Smith, Democrat, was defeated by William H. Jackson, Republican.

The labor campaign Congressman, Mudd, told heavily in that portion of the Fifth district within Baltimore city, but was counterbalanced in the counties within the district.

Congressman Pearre's victory in the Fifth district was decisive, he carrying all five counties.

The victory of Gill, Democrat, over Finley, Republican, in the Fourth district, was easy. The strictly city fight which was for a judgeship, went to the Republicans by a narrow margin.

California Probably Republican.

San Francisco, Nov. 6.—At 9 o'clock George Stone, chairman of the Republican Committee said to the Associated Press:

"Reports from the State are coming in slowly. There is no doubt as to the result, it is only a question of the plurality. Gillette has carried San Francisco by a plurality of 500 to 1,000 and the entire Republican ticket, including eight Congressmen, has been elected by a plurality exceedingly 25,000. Representatives of the Union Labor party concede Gillette's election.

Close Call in Delaware.

Wilmington, Del., Nov. 6.—Delaware went Republican to-day by a majority estimated at 2,500. The Republicans will control the next Legislature.

New Hampshire Clings to Its Idol.

Concord, N. H., Nov. 6.—The Republicans elected Charles M. Floyd governor to-day over Nathan C. Jameson. Congressman Cyrus A. Sulloway and Frank D. Currier, Republicans were again successful.

Connecticut Elects Republican.

New aven, Conn., Nov. 6.—With a single town missing, Woodruff, the Republican candidate for Governor, has a plurality of 20,709 votes over Thayer, Democrat.

Rhode Island Democratic.

Providence, Nov. 6.—Late returns indicate the election of Higgins, Democrat, for Governor by 6,000 majority.

Florida Solid.

Jacksonville, Flo., Nov. 6.—All the Democratic Congressmen of Florida are re-elected and the State ticket carried by a decided majority. The vote was light. Returns at midnight indicate defeat of the drainage constitutional amendment by a vote in the proportion of 3 to 2.

Some Doubt in Nebraska?

Lincoln, Neb., Nov. 5.—10 P. M.—Indications at this hour are that Sheldon, Republican, for Governor, has been elected. The rest of the Republican State ticket is probably elected.

Ohio Republican By 75 000.

Columbus, O., Nov. 6.—The indications tonight were that the Republicans had elected Carmie Thomson, Secretary of State and the full State ticket by a good majority. Full figures are not obtainable but increased Republicans gains as the country precincts more than balanced their earlier losses in the cities and a clear victory for the entire Republican State ticket was indicated. Chairman Dick said at 10 o'clock the Republican plurality would be 75,000 for the State ticket. Democratic Chairman Garber had no statement to make.

Babcock Defeated.

Milwaukee, Wis., Nov. 6.—Special returns to the Sentinel from the third Congressional district indicate the election of James W. Murphy (Democrat) over Congressman Jos. W. Babcock (Republican) by an estimated plurality of 300.

Idaho Democratic.

Boise, Idaho, Nov. 6.—Scattering returns indicate that a landslide has overtaken the head of the Republican ticket in the north and central portion of the State.

Nothing has been heard of the south east, the Mormon section of the State, but it now seems quite certain that Gooding will be defeated unless he makes up his losses in the Mormon counties. The remainder of the Republican ticket seems to have run well, but how the Republican legislative ticket is effected is not clear. In the case Ada county it is elected by a good majority.

Omaha, Neb., Nov. 6.—The World-Herald, Democrat, concedes the election of Sheldon for Governor by 10,000 plurality over Shallenburger.

Iowa in Doubt.

Des Moines, Iowa, Nov. 6.—For the first time in many years, the gubernatorial result is in doubt. The returns received up to 11 o'clock numbering about 250 precincts show a loss for Cummings of nearly forty per cent. which if maintained would mean the election of Porter, Democrat by a small plurality.

Florida Remains in the Ranks.

Jacksonville, Fla., Nov. 6.—All the Democratic candidates in Florida are elected. The Legislature is probably unanimously Democratic. Propositon advocated by Governor Brownard to drain the Everglades seems to be defeated.

Unle Joe Re-elected.

Danville, Ill., Nov. 6.—18th district, Joseph G. Cannon, elected by usual majority.

Alabama Safe.

Montgomery, Ala., Nov. 6.—Incomplete returns indicate overwhelming victory for entire Democratic State ticket and nominees for Congress. The vote was light.

Landslide in Minnesota.

St. Paul, Minn., Nov. 6.—Returns received by the Democratic State committee up to 7:30 p. m. indicate a landslide for Johnson, Democratic candidate for governor.

Tennessee All Right.

Nashville, Tenn., Nov. 6.—At 7:30 p. m. reports show Patterson, Democrat for governor, is receiving the usual off-year majorities in middle Tennessee, which indicates his election by 15,000 to 20,000. Avent for Railroad Commissioner, is running along with him.

Indiana Republican.

Indianapolis, Ind., Nov. 6.—The Republican State organization claims Indiana, by from 38,000 to 45,000 for the State ticket.

At Gallup, N. M. yesterday while the westbound Santa Fe passenger train No. 1 was standing on the tracks three men armed with revolvers entered the coaches and forced the passengers to hold up their hands. They secured several hundred dollars in money and several grips and overcoats from the passengers and made their escape. The crew at the time were in the dining room.

Weigh yourself. Take Vinol a while Weigh yourself again. The gain in flesh, strength and appetite will be better arguments for Vinol than all we can say.

This is because Vinol contains in a concentrated form all the medicinal elements of cod liver oil taken from fresh cod's livers, but it is a better body builder and strength creattor than cod liver oil or emulsions because the useless, indigestible and nauseating oil has been eliminated and tonic iron added.

Vinol creates an appetite, strengthens every organ in the body, tones up the digestive organs, makes rich red blood and firm, healthy flesh.

So sure are we of what Vinol will do that we refund money to those who buy Vinol and are not benefited. Robert R. Bellamy, druggist.

NEGROES CONCEAL THEIR CRIMINALS

Contnued From Page Eight.

from the War Department assigning them to duty there. Soon after this assignment there appeared in the public press the following account of a statement alleged to have been made with regard to the matter by Colonel William L. Pitcher, 27th Infantry:

"'The negro troops would never have been quartered at Fort Sheridan without a protest if I was to remain in command here,' said Colonel Pitcher. 'I never liked them and the farther from me they are kept the better it pleases me. For the life of me I cannot see why the United States should try to make soldiers out of them. Certainly there are enough fine white young men in this big country to make soldiers of without recruiting from such a source.'

"This alleged statement by Colonel Pitcher having been brought to the attention of the President, the following communication with regard to it was sent to the War Department by Secretary Loeb:

"'The President directs that an immediate report be called for from Colonel Pitcher to know whether or not he is correctly quoted in the enclosed clipping and if he is correctly quoted, the President directs that proceedings be taken against him for such punishment as can be inflicted. The President thinks that such conduct is but little better than that of the offending negro troops themselves.

Very truly yours,
"WILLIAM LOEB, JR.,
"Secretary of the President."

CASTELLANE DIVORCE SUIT.

Sensational Developments Expected in Paris To-day.

(By Cable to The Morning Star.)

Paris, Oct. 6.—Sensational developments are anticipated at the hearing of the Castellane divorce suit to-morrow. Convinced that all hope of a reconciliation has gone forever, it apparently is the intention of the Count's attorneys to open a vicious attack on the Countess' witnesses. The hearing to-morrow will be private. Helen Gould is here, giving support and comfort to her sister during the painful ordeal.

BELIEVED JAPS WANT ISLANDS

Former Army Officer Detects Plot in SanFrancisco School Agitation— Boasts Have Made About Philippine Islands.

(Washington Post.

San Francisco, Nov. 4.—Capt. J. H. Aldrich, a nephew of Maj. Gen. Shafter, and formerly provost marshal general of the middle provinces of Luzon, sees in the present Japanese agitation against the exclusion of pupils from San Francisco schools a move in campaign to acquire possession of the Philippines. Capt. Aldrich declares that ever since Dewey captured Manila the Japanese have been eager to get the islands.

He says Japanese are now pouring across from Formosa to Luzon and settling in the extreme northern part of the island.

While in charge of a district between Malolos and Tugua, Capt. Aldrich captured ten Japanese engineers, disguised as Filipinos. They were on the island in the Balenag River, and their camp contained a fine surveyor's outfit, camera, etc. They had complete maps of the whole country.

Through some mistake they were set at liberty. Several months later Capt. Aldrich was in Hankow, China where he identified the leader of the engineers as Capt. Yamoto, of the Japanese engineers' service.

He boasted to Capt. Aldrich that the Japanese maps of Luzon, clear down to Manila, were far better than the American maps, and that a Japanese general in Formosa with these maps could move an army corps perfectly in Luzon. Capt. Aldrich adds that the island of Palola, off the Luzon Coast, only 100 miles from Manila should be fortified strongly, as this is the point which the Japanese would seize for disembarking forces from Formosc.

REPUBLICANS CONTROL SIXTIETH CONGRESS

South Stuck to Democracy East and West Generally Republican By Reduced Majorities—Hearst Beaten in New York

(By Wire to Morning Star.)

Elections were held yesterday in forty two states, and while the results in a number of instances were of unusual interest, it may be said that generally speaking there were no great surprises.

Throughout the South the Democratic State and Congressional tickets have been elected by the usual majorities. In the West and East the States that were aligned two years ago in the Democratic or Republican columns show no material change, the Democrats making gains in instances and the Republicans in others.

The Republicans retain control of Congress by a good majrity. Perhaps the widest general interest in the elections centered in the remarkable fight for Governor which has been waged in New York State between Charles E. Hughes, Republican candidate, who throughout the campaign has had the support of President Roosevelt, and William Randolph Hearst, who has been running as the regular Democratic and Independence League nominee. The latest returns available show that Mr. Hughes, while losing nearly all of the principal cities of the State, was successful by about 50,000 plurality. The rural districts brought about the Republican victory.

In New York city, the Tammany-Independence League judiciary ticket was successful, with possibly one exception over the candidates named by the non-partisan "judiciary nominators."

Massachusetts has re-elected Curtis Guild, Republican as Governor over District Attorney John B. Moran, of Boston, who was the candidate of the Democratic party, the Independence League and the Prohibitionists.

In Chicago it is estimated that the Independence League ticket polled 40,000 but this was a Republican plurality for the State officers.

Pennsylvania has elected Stuart, Republican, Governor over a fusion opposition by the usual Republican plurality.

Michigan, Iowa, New Hampshire, North Dakota, Connecticut, Minnesota, Indiana and Wisconsin, have rolled up Republican pluralities although there was some falling off from the usual vote in Iowa.

Nebraska shows big Republican gains. Ohio also shows Republican gains over the Pattison vote of last year. The Republicans expect a pluralfty of 75,000 in the State.

The constitution of the State of Oklahoma will be written by Democrats. The Indians voted the Democratic ticket almost solidly. Oklahoma also went strongly Democratic in choosing delegates to the constitutional convention.

New Mexico and Arizona have voted unfavorably on the proposition to enter the Union jointly as a single State.

Governor Hoch is re-elected in Kansas by a slightly reduced majority.

The result in Missouri was in doubt at a late hour, the Democrats expecting to gain some of the Congressional districts they lost two years ago.

Congressman Nicholas Longworth was re-elected in Cincinnati.

Congressman J. W. Wadsworth, for many years chairman of the House committee on agriculture at Washington, was defeated in the 34th New York district.

Montana seems to have been carried by the Republicans and Texas takes its usual place in the Democratic column.

Babock, of Wisconsin, formerly chairman of the Republican Congressional committee, failed of election.

In Rhode Island, James H. Higgins, Democrat, is elected Governor.

The Republicans carried Utah, Wyoming, and Washington and seems to have lost Nevada while both parties are claiming Colorado.

Pennsylvania Republican.

Philadelphia, Pa., Nov. 6.—The most exciting campaign in Pennsylania in 25 years has ended in a triumph for Edwin S. Stuart, Republican, for Goveror over Lewis Emery, Jr., Democrat and Lincoln party, by a plurality that the Republican leaders claim will reach 100,000. Aside from the contest for Governor and other State officers, the chief interest centered in the battle of Philadelphia for district attorney and in a few of the Congressional districts. Members of the House of Representatives and county officers were elected in every county and State. Senators were chosen in 25 of the 50 districts.

Samuel P. Rotan, Republican, was elected district attorney in Philadelphia by a vote which his friends claim will exceed 40,000.

The incoming Legislature will be strongly Republican, although not as overwhelmingly for that party as it was two years ago.

The new personal registration law which went into effect since the last election, reduced the normal vote in many of the cities. Many of the corrupt practices which became operative since the last election also operated to cut down the vote in some localities.

This act prohibits the use of money at elections, except for legitimate purposes and is claimed to have deterred many poll workers from buying votes. One of the chief issues in the State campaign was the new capitol which was dedicated on October 4. The fusionists claim that several million dollars of overcharges and duplications are representing in furnishing and equipping the building. The Republican candidates pledged themselves if elected to investigate those charges and to place the responsibility for the alleged extravagance where it rightfully belonged.

The State Senators who were elected to-day will serve in the next two regular sessions of the Legislature and will vote for a United States Senator in the session of 1909 when a successor to Boise Penrose will be chosen. The State was apportioned by the Legislature at the extra session and today's election was the first under the new appointment.

Massachusetts Republican.

Boston, Nov. 6.—The Republicans after a short but spirited campaign were victors in the State election today. Governor Guild was re-elected by a considerable increased plurality over last year, while his opponent, District Attorney John B. Moran, of Boston, the candidate of the Democratic and Prohibition party and Independence League offered a somewhat larger vote than that given the Democratic candidate a year ago. With two-thirds of the State vote tabulated, Mr. Guild's plurality was estimated late tonight at about 37,000.

The Republicans re-elected their entire State ticket, although Lieutenant Governor Draper fell considerably behind Governor Guild. The next Legislature will be Republican by the usual large majority in both houses and this will insure the election of United States Senator W. Murray Crane, of Dalton, who is at present completing a brief term.

Governor Guild expressed himself to-night as very much gratified at the endorsement of his administration, while Mr. Moran, after learning the result, refused to comment upon the success of his opponent.

Slemp, Re-elected in Virginia.

Bristol, Va., Nov. 6.—Practically complete returns from twelve of the fourteen counties composing the ninth Congressional district, give Slemp, Republican, a majority of about 100. The remaining counties may increase the lead, but both sides claim the victory.

The Democratic majority in the State will be 25,000 to 30,000.

Republicans Carry Chicago.

Chicago, Nov. 6.—Enough is known to make safe the declaration that the Republican party has carried the city of Chicago by 40,000 for Sulski, Republican, for State treasurer and the county of Cook by 50,000.

The indications are that the Republican State ticket has been elected by a plurality of between 100,000 and 125,000. The State Legislature that will elect a United States Senator to succeed Cullom, will be strongly Republican.

South Carolina Solid.

Charleston, S. C., Nov. 6.—The election held in South Carolina was without incident and a very small vote was polled. Governor M. F. Ansel, Democrat, and the entire State ticket, was elected, the only opposition being J. L. Chandler, who received half a hundred Socialist votes. Seven Democratic Congressmen were elected, five without opposition. The Republican nominees in the Fourth and Seventh districts got only a handful of votes.

New State Goes Democratic.

Guthrie, Okla., Nov. 6.—The constitution of the new State of Oklahoma will be written by Democrats. Vernon Whiting, secretary of the Oklahoma Republican Central Committee to-night concedes the Democrats the three delegates, while Chairman Jesse Dunn, of the Democratic committee, says there will be at least 78 Democratic delegates on the floor of the convention. Republican managers admit that Oklahoma proved a great disappointment. The "unknown quantity" of the Indian Territory was a concession to the Democrats by Oklahoma districts, counted on by the Republican leaders and carried by the opposition. The Osage Nation elected two Democrats. The Indians as a general rule voted the Democratic ticket.

Texas Overwhelmingly Democratic.

Austin, Tex., Nov. 6.—The total vote cast in to-day's election was small, comparatively speaking, not exceeding 400,000 votes all told, some 135,000 of which represent the combined vote of the Republican, the reorganized Republican, Socialist, the Socialist Labor and the Prohibition parties.

The next Legislature will be Democratic overwhelmingly, there being only

NEGROES CONCEAL THEIR CRIMINALS

President Roosevelt Gives Race Severe Jolt for One of Its Characteristics

DISMISSES NEGRO TROOPS

Whole Battalion Turned Out of Army in Disgrace for Concealing Murder and Violence—White Officer Reprimanded.

(By Wire to Morning Star.)

Washington, Nov. 6.—Unprecedented in the history of the army of the United States is the action of the President, just announced, in dismissing in disgrace from the army an entire battalion of colored troops because of their failure to disclose the identity of some of the number who had been guilty of violence and murder.

As an evidence, however, of his intention to be fair to the colored troops the President has accompanied this action by an order which may amount to the court martial of a white army officer of high grade who was charged with having cast slurs upon the colored troops. The story of both actions is told in the following official correspondence made public today by the military secretary:

"The report of an investigation made by Brigadier General E. A. Garlington, inspector general of the army, relative to the riotous disturbance that occurred at Brownsville, Texas, on the night of August 13, 1906, and that resulted in the death of one and the wounding of another citizen of that city, has been considered and acted upon by the President. Following are his instructions with regard to the matter:

"The White House, Washington, D. C., November 5, 1906.

"The Secretary of War:

"I have read through General Garlington's report, dated October 22nd submitted to me by you. I direct that the recommendations of General Garlington be complied with, and that at the same time the concluding portion of his report be published, without sanction, as giving the reasons for the action.

"THEODORE ROOSEVELT."

"Following is the concluding portion of General Garlington's report, which embodies the recommendations that, by the direction of the President, will be carried into effect immediately by the War Department: 'I recommend that an order be issued as soon as practicable discharging without honor, every man in companies B., C. and D., of the 25th Infantry, serving at Fort Brown, Texas, on the night of August 3, 1906, and forever debarring them from re-enlisting in the army or navy of the United States as well as from employment in any civil capacity under the government. In making this recommendation I recognize the fact that a number of men who have no direct knowledge as to the identity of the men of the 25th Infantry who actually fired the shots on the night of the 13th of August, 1906, will incur this extreme penalty.

"It has been established by careful investigation beyond reasonable doubt that the firing into the houses of the citizens of Brownsville whne the inhabitants thereof were pursuing their peaceful vocations or sleeping, and by which one citizen was killed and another so seriously wounded that he lost an arm, was done by enlisted men of the 25th Infantry, belonging to the battalion stationed at Fort Brown. After due opportuity and notice the enlisted men of the 25th Infantry have failed to tell all that it is reasonable to believe they know concerning the shooting. If they had done so; if they had been willing to relate all the circumstances, instances preliminary to the trouble—it is extremely probable that a clue sufficiently definite to lead to results would have been disclosed. They appear to stand together in a determination to resist the detection of the guilty; therefore, they should stand together when the penalty falls. A forceful lesson should be given to the army at large, and especially to the non-commissioned officers, that their duty does not cease upon the drill ground, with the calling of the company rolls, making check inspections, and other duty of formal character; but that their responsibilities of office accompany them everywhere and at all times; that it is their duty to become thoroughly acquainted with the individual members of their respective units, to know their characteristics; to be able at all times to guage their temper, in order to discover the beginning of discontent or of mutinous intentions and to anticipate any organized act of disorder; that they must notify their officers of any such conditions. Moreover, the people of the United States, wherever they live, must feel assured that the men wearing the uniform of the army are their protectors, and not midnight assassins or riotous disturbers of the peace of the community in which they may be stationed.'

"On October 5, 1906, a squadron of the 9th Cavalry, an organization of colored troops, reported at Fort Sheridan near Chicago, Ills., under orders

DEMOCRATS GAINED FIVE

North Carolina Elected Democrats From All of Her Ten Districts—Very Little Change in Most of States.

(By Wire to Morning Star.)

Washington,, Nov. 6.—Returns from 242 out of 385 Congressional districts indicate a net Democratic gain of five.

Chicago, Nov. 6.—Dispatches to the Associated Press up to 11:45 show that the Republicans have elected 155 Congressmen, the Democrats 118. No returns have been received from 113 districts. The Democrats have so far gained two in Illinois, two in Missouri, three in Pennsylvania, one in Ohio, one in New York, one in New Jersey and one in North Carolina.

The Republicans gained one in Kentucky.

New York, Nov. 6.—Chairman J. S. Sherman, of the Republican National Congressional committee late to-night sent the following telegram to President Roosevelt:

The President, Washington, D. C.,

(Signed) J. S. SHERMAN.

Republican Claims.

New York, Nov. 7.—At 1:15 o'clock this morning Congressman J. S. Sherman, of New York, Chairman of the Republican National Congressional Committee, made the following statement:

"Of the districts so far heard from we have not lost one that was marked Republican. Of the 58 doubtful districts we have reports from 20 showing that we have carried 15 of them and lost five. Even should the other 38 districts break even it will be seen that our majority in the next House will be 78. I expect that the break will be in our favor, rather than even."

Mr. Sherman wired Speaker Cannon that there was no question about the next House being Republican by over 50 majority outside of 20 districts which Mr. Sherman had classed as doubtful.

MAN AND WIFE ASPHYXIATED.

Husband Had $350 Sewed up in His Clothes.

Pensacola, Fla., Nov. 6.—A man partially identified as W. E. Rogers, of Lucedale, Miss., is dead at Pensacola, and his wife is in a dying condition, as the result of asphyxiation. The couple arrived last night and occupied a room in a Wright Street boarding house. Failing to appear to-day, the door of the room was forced open and the man was found dead. The woman is still unconscious. Letters found in the dead man's pocket appear to identify him. There was also on his person two revolvers, a dirk and brass knuckles and $350 sewed in the lining of his clothes.

MR. HEARST WENT DOWN BEFORE CHAS. E. HUGHES

Republican Candidate for Governor of New York Elected By 50,000 Plurality—Tammany Judicial Ticket Elected—Parker Defeated

(By Wire to Morning Star.)

New York, Nov. 6.—According to incomplete returns from all over the State received up to 10:30 to-night Charles E. Hughes, the Republican candidate, has been elected Governor of the State over William R. Hearst, the nominee of the Democratic party and the Independence League, by approximately a plurality of 40,000. Two years ago Governor Higgins was elected on the Republican ticket by 80,560.

There was some doubt expressed tonght as to the fate of the Democratic and Independence League tickets outside of Mr. Hearst, several of the New York newspapers which have been supporting Mr. Hughes declaring that there was a chance that the subordinate officers of the Democratic and Independence League combination had been elected.

The latest figures seem to indicate that Mr. Hughes plurality above the Bronx will exceed 115,000. To offset this Mr. Hearst's plurality in Greater New York will probably be from 75,000 to 80,000.

In Brooklyn where Senator Patrick H. McCarren made a bitter fight against Hearst the latter carried the borough by a small plurality, probably 4,000. At one time it seemed that Hughes had been successful in Brooklyn, but the late returns were all strongly in favor of the Democratic candidate.

Mr. Hearst has been given a majority of nearly 70,000 in Manhattan and the Bronx. Queens county, which includes Long Island city, has gone for Hearst by from 6,000 to 8,000 and Richmond (Staten Island) has also given the Democratic candidate a plurality. As a result of the scratching and the voting for the same candidates under different party emblems, the returns for the subordinate officers on the various State tickets, are so complicated as not to be available to-night.

Great interest centered here in the campaign waged for the judiciary ticket named by a committee of lawyers, headed by Joseph H. Choate, and former Judge Alton B. Parker. The Tammany and Independence League joint ticket has won over the non-partisan candidates by big pluralities. State Senator Thos. F. Grady, of Tammany Hall, has been re-elected over Thomas Rock, who has been known in the campaign as "Eight Hour" Rock and who claimed he had been "tricked" by the Independence League. Throughout the State there has been a notable falling off in the vote from 1904 which was a Presidential election year. The Republican ticket showed the greatest loss in this respect, especially in the cities.

Hearst Still Claiming It.

New York, Nov. 6.—More perfect weather for an election never favored the voters of Greater New York. The day was bright and the early poll was unusually heavy in every section of the city.

Of the 400 persons arrested for alleged violations of the election law 343 were in Manhattan, according to Superintendent of Elections Morgan's statement, and only twelve of them on his order without warrants. Thirty-two were arrested on warrants secured by him since the registration books closed; 126 were made on warrants secured by the police and 173 on evidence secured from other sources.

Up to midnight neither Mr. Hearst nor his campaign managers would concede the election of Mr. Hughes, consistently maintaining that when all the votes shall have been counted Mr. Hearst will have a safe majority.

A few minutes before midnight Mayor McClellan sent the following telegram to Charles E. Hughes:

"Accept the congratulations of one who believing in Democracy; believes also that its highest interests are served by your election."

Hearst Won't Give Up.

New York, Nov. 7.—2 A. M.—Mr. Hearst still claims to have been elected Governor of New York by at least 20,000 plurality and charges that an attempt is being made to steal the election. He asserts that the returns are being held back in many districts in the country as well as in the city.

Roosevelt Gets the Returns.

Washington, Nov. 6.—President Roosevelt eagerly awaited the returns from the election as they came in over the telegraph wires to the executive offices. After dining with his family on his return from Oyster Bay he hurried to his office where with Secretary Root, Postmaster General Cortelyou, Assistant Secretary Bacon, Secretary Loeb and Assistant Attorney General Cooley, he scanned the reports furnished him by the press associations and by various private sources all over the country. The greatest interest centered in the reports from New York where the early returns indicated that if Mr. Hughes were elected, the claims of his managers of large majorities for him would be materially reduced. Early in the evening Secretary Root estimated that Mr. Hughes majority might vary between 60,000 and 70,000.

One of the dispatches received by Secretary Root came from the editor of the Press at Utica in which city the Secretary made his only speech of the campaign. This dispatch indicated the re-election of Representative Sherman and the success of Mr. Hughes in Oneida county by a majority of about 3,000.

An early personal telegram to the President said that Mr. Hughes had carried Oyster Bay by 152 majority. Because of the incomplete character of the returns it was announced there would be no statement to-night from the President on the result in New York.

VOTE SUPPRESSED IN NEW YORK

Rule Prevented Street Car Men From Going to Polls.

(By Wire to The Morning Star.)

New York, Nov. 6.—There was much dissatisfaction among the street car employees of Manhattan today as a result of a notice which appeared yesterday at the car barns of the New York city Railway Company. The notice reads:

"No man will be excused to-morrow, November 6th. Any man reporting sick or losing his car will be dismissed provided circumstances warrant it. Any man losing his car will report to starter as soon as possible.

(Signed) "GEORGE LAIRD,
"General Division Foreman."

The men claimed that the order denied them an opportunity to vote, as they had to be on duty at 7 o'clock and would not be at liberty until after the polls closed.

POLICE MUTINY IN MEMPHIS.

Chief and All Patrolmen Removed by Mayor—Two Chiefs.

(By Wire to The Morning Star.)

Memphis, Tenn., November 6.—A mutiny of nearly every member of the police force of Memphis headed by Chief George T. O'Haver, occurred today. As a result this city has two chiefs of police tonight.

Early today Mayor James H. Malone appeared at police headquarters and informed Chief O'Haver and the patrolmen that he desired to change their election day assignments. The mayor explained that he feared trouble at the polls and acting under the recent city charter which under certain conditions gave him authority to take full charge of the police department, he would expect obedience of his orders.

Vice Mayor John T. Walsh appeared and insisted that the regular assignment of patrolmen be carried out. Chief O'Haver said that he would not consent to the re-assignment whereupon Mayor Malone suspended the chief on a charge of insubordination. The mayor then appointed Police Sergeant W. J. Hayes, acting chief. The patrolmen, almost to a man, announced that they would receive orders only from Chief O'Haver. Mayor Malone visited several polling places and suspended more than fifty policemen.

In the afternoon Vice Mayor Walsh and two fire and police commissioners held a meeting and passed a resolution re-instating O'Haver. This, it was said, was illegal under the law and it is believed the tangle will continue in its present shape until a joint meeting of the police commissioners and city council is held to take action.

The election pased off quietly. No disorder was reported and a light vote was cast.

SELF-CONFESSED MURDERER.

Two Men Killed Three Men and Robbed Bank.

By Wire to The Morning Star.

San Francisco, Nov. 6.—Louis Dabner, this afternoon confessed to Chief of Detectives Duke that he and John Siemsen, who was arrested with him for an assault on Jeweler Behrend last Saturday, had committed a number of crimes that recently startled the city. He stated that he and Siemsen killed William Pfitzner and William Friede, merchants, robbed the Japanese bank and murdered Cashier M. Munataka and also robbed Dr. T. D. W. Leland, though for this crime another man is now serving imprisonment. Dabner made a full and free statement regarding all these and other crimes of which he and Siemsen had been suspected since their arrest. Dabner stated that the amount taken from the Japaneses bank was $4,200.

UTE INDIAN TROUBLES.

President Roosevelt Will See Big Chiefs in Washington.

Washington, Nov. 6.—President Roosevelt has approved the arrangements made by Colonel Rodgers of the 6th Cavalry for the settlement of the grievances of the Ute Indians. He has instructed the officials of the War Department to inform the Indian chiefs that he will give them an audience at the White House on his return from Panama.
